

CREATING VALUE GROWTH & DELIGHTS

Goyal Engg. Polymers Pvt. Ltd.

GEP | Bridging the Gap

Our Associates

Goyal Engg. Polymers Pvt. Ltd. (GEP), formally Goyal Polymers, one of India's leading importer and distributor of engineering plastics raw material. GEP is associated with global polymer suppliers like Styrolution Group of Germany, BASF Corporation of Germany, Teijin Chemicals Ltd. of Japan, Mitsubishi Rayon Co. Ltd. of Japan, Mitsubishi Engineering- Plastics Corporation of Thailand, Toray Resin Co of Japan and Sojitz Corporation of Japan.

Our History

From the beginning 2002, it has grown rapidly over a decade and established itself as a front line player in engineering polymer distribution. The company is expecting to achieve a turnover Rs. 350 crore in the year 2011-12. GEP has sales offices all over India supported by captive warehouses in all the key area of automotive sectors. where inventory of all kind of raw materials are maintained. This helps save client's inventory costs, time and money due to locally available stock and ready to be dispatched at an hour notice. As a customer-oriented company, with multi-location facilities, GEP offer a one stop solution and meeting all the requirements of clients.

Our Focus

GEP has specialized in the automotive industry. The company supplies to all top Tier-1 and Tier-2 vendors in India like Lumax Industries Ltd., Fiem Industries Ltd., Morioka India Pvt. Ltd., Varroc Group, Minda Group, Rinder India Pvt. Ltd., Proctor & Gamble India, Tata Autocomp Systems Ltd. TAFE, Valeo Lighting, HPL, Sunvisor and Supreme etc, who are OEM suppliers to Honda, Maruti Cars, Hero Motocorp, Bajaj, HMT, Maruti Suzuki, Tata Motors, Nissan Motors and General Motors and Volkswagen. GEP is determined to remain at the forefront of the engineering plastic raw material distribution. In tune with its growth strategy, GEP intends to increase polymer supplies from 1500 MT to 5000 MT per month and to achieve a turnover of Rs. 2,000 crore in the next 5 years.

Our Culture :

- Leadership
- One Stop Shop
- Next Door Channel Partner
- Flexibility
- Customer Focus
- Engineering Support

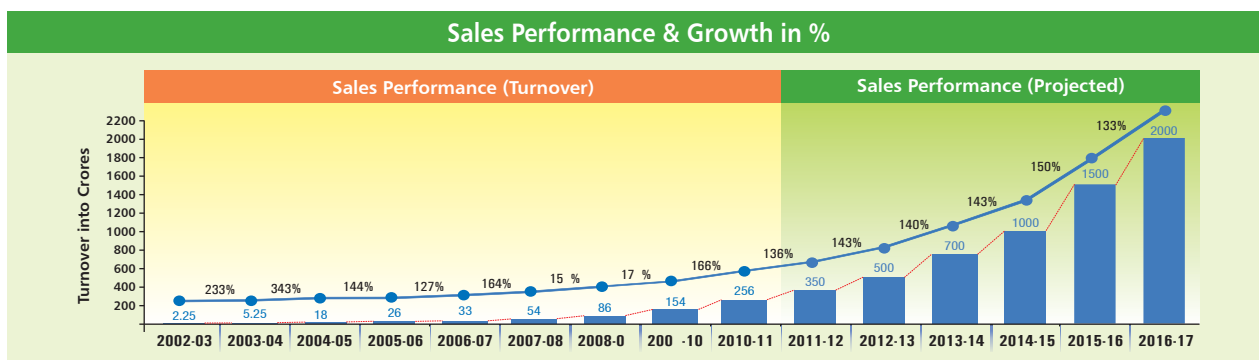

Our Vision

Transforming challenges into opportunities has been the driving force of the company.

Understanding clients' needs and working closely with them, to address their concerns, is the priority at GEP.

Growth | The fiscal story

Products | Wide range, for varied needs

GEP offers a wide range of engineering polymers. These are sourced from the world's leading manufacturers, adhere to the highest quality and environmental standards and meet most potential applications. Companies across India rely on us to provide timely supplies of the right grade of engineering polymers from these globally reputed companies. We provide just in time solutions at competitive prices and assured consistency from batch to batch, since these companies have a high standard of quality.

PRODUCT	GRADE	MANUFACTURERS

Sales & Services | A bouquet of services

GEP provides a bouquet of services comprising technical and production support for manufacturing with polymers, delivering the best possible solutions – with insight and understanding of your needs, making us your inspirational business partner.

Market-focused advice

Our specialist polymers team has extensive applications knowledge of specific markets and is always ready to help your development teams to innovate products in partnership with our principals. Our team is highly knowledgeable in manufacturing and process techniques, helping customers to use the right product mix for their specific applications. We support with specialist technical knowledge to the automotive industry sectors.

Supply Chain

We have warehousing and presence in seven states of India - Delhi, Haryana, Maharashtra, Rajasthan, Tamil Nadu, Uttarakhand, Uttar Pradesh, supported by fully integrated business management systems, enabling us to provide fast professional handling and delivery of products to your manufacturing facilities, as and when you need it.

Our distribution strengths comprise:

- Ambient warehousing
- Assured & timely delivery
- Lot size delivery
- Effective cost control

Value-added services

We meet the requirements of each client just-in-time, reducing burden on their inventory costs and helping them maintain a smooth production flow with assured supplies, dispatching the required quantity of material as per their given schedules on a day to day basis.

Group Companies | Beyond GEP

Polyplastics Automotive India Pvt. Ltd.

In year 2008, as part of upward integration, a group company. Polyplastics Automotive India Pvt. Ltd. was established with a new plant spread over 10,175 sq. mtrs. and investment of 10 million USD, at Industrial Growth Center, Bawal, Haryana on Delhi - Jaipur highway. This was in collaboration with Polyplastics, one of the top ten OEM suppliers in the world for two wheelers and four wheelers, mainly for supplying moulding and painted parts to northern region OEMs for leading names such as Maruti Suzuki, Hero Honda Scooter, Hero MotoCorp, Mikuni, Delphi, Moriroku, Nissan Motors and more.

Turnover : 35 crore in 2009-10
Turnover : 55 crore in 2010-11
Projected Turnover : 80 crore in 2011-12

Poly Color & Compounds Pvt. Ltd.

In year 2009, as part of advance technology, a new company Poly Color & compounds Pvt. Ltd. was established in India (Delhi) & Malaysia to offer highly cost-effective coloring and compounding of engineering plastics raw material, adding value to the distribution function.
